Walk-ins welcome · Open 7 days

SERVICE MENU

"Our mission is to inspire every client in achieving their personal best, through our personal best."

Eyebrow Threading

OUR SIGNATURE

Threading is what we are named for. A twisted strand of 100% cotton thread rolls along the skin, catches even the finest hairs and lifts them cleanly from the follicle — giving us the control to shape a line that is truly yours.

- Does not peel off a layer of skin
- Hair does not grow back as fast
- Skin does not get as red and irritated
- Can pull out individual hairs

Eyebrow & Lash Tinting

WAKE-UP-READY

Tinting adds definition and depth to your natural brows, so they look polished without daily pencils, powders or gels.

- Adds definition and depth to natural brows
- Less daily brow pencil and shading
- Tailored shade for a natural-looking finish
- Naturally bolder lashes without daily mascara

Facial

GLOW RESET

A facial is a series of skin treatments working together — steam, exfoliation, extraction, creams, lotions, masks and massage of the face and neck — finished with a face pack to rejuvenate the skin.

- Helps prevent the formation of wrinkles and aging lines
- Cleans the skin and increases blood circulation
- Relaxes the nerves and strengthens weak muscle tissues
- Softens and improves skin texture and complexion — adding to your confidence

Henna Tattoo & Bridal Mehndi

ART ON SKIN

Henna is a paste made from the crushed leaves and twigs of the henna plant. Left on the skin for a few hours, it leaves an orange to dark maroon stain that gently fades away in 7 to 14 days.

- Made from the natural henna plant
- Fast, easy and painless
- A ticklish, relaxing experience
- Temporary — fades on its own in 7 to 14 days

Honey Waxing

SILKY SMOOTH

Waxing is semi-permanent hair removal that takes hair from the root. Our Honey Wax carries the beneficial properties of beeswax and is gentle enough for your most delicate areas — leaving skin sleek, soft and silky.

- Removes almost 80–90% of hair from the root
- Makes your skin silky smooth
- Removes dead skin cells
- Regrowth is softer and sparser — easier every time

Lash Lifting

CURL, NO CURLER

A lash lift gently curls and lifts your natural lashes from the root, creating a brighter, more open-eyed appearance without the need for daily eyelash curling.

- Naturally lifted lashes — longer-looking and beautifully curled, using your own lashes
- No daily curling — say goodbye to the eyelash curler every morning
- Long-lasting — typically several weeks, depending on your natural lash cycle and aftercare
- Low-maintenance beauty — no extensions or heavy makeup needed

Consent required before booking: tell us about any allergies, sensitive eyes or recent eye procedures before booking.

Eyelash Extension

FULLER, LONGER, YOURS

Achieve fuller, longer and beautifully defined lashes. Lash extensions are individually applied to your natural lashes to create a customized look — from a soft, natural enhancement to a more dramatic, glamorous style.

- Customized styles — natural, classic, hybrid or voluminous
- Longer, fuller lashes — instant length, volume and definition
- Less makeup time — wake up with beautifully enhanced lashes
- Natural-looking comfort — lightweight, fuller and beautifully defined

Consent required before booking: tell us about any adhesive allergy, sensitive eyes, contact lens use or recent eye procedures.

- Promotes a healthy scalp and nourishes hair roots
- Helps improve blood circulation to the scalp
